

01 June 2021

Dear Greg,

Thank you so much for your donation of £5,050 to Target Ovarian Cancer. We are so grateful to you for thinking of supporting us at this time. Please extend a huge thank you to everyone who donated for their wonderful support.

We know that the earlier a woman is diagnosed with ovarian cancer, the greater her chance of survival. Your support is helping make sure every woman is diagnosed at the earliest possible stage which quite simply will save lives.

"I was diagnosed with ovarian cancer 18 years ago. I'm here to tell my story because it was caught early. Together we need to make sure this is the case for everyone."

Alison

Your donation will help to train GPs all across the UK on the symptoms of ovarian cancer and the diagnostic pathway. Thanks to you, we will also be able to make more women aware of the symptoms and feel empowered to go to their GP sooner. Together we can transform the future for women with ovarian cancer.

If you ever have any questions or if you'd like to know more about how you're helping women with ovarian cancer, please get in touch.

On behalf of the whole team here at Target Ovarian Cancer, thank you so much for your thoughtful gift.

With heartfelt thanks,

Alice Sedgwick
